

## BRIDGEPAD SPECIAL

Our USA Suppliers have offered us a special to pass on to clubs.

This allows us to offer a massive

**34% discount**

on BridgePad wireless scoring systems,

*the choice of New Zealand Bridge Inc.*

BridgePad has been designed for club use, and in conjunction with NZ Bridge Scorer allows for easy implementation in your club.

### Advantages:

- Simple to implement – Excellent local training & support provided.
- Wiki site for support & documentation updates. Check out: <http://bridgepadnz.wikidot.com>
- FREE Team Viewer, Skype, email & telephone support.
- Support and enquiries attended to 7am to 11pm most days of the week.
- FREE 1 year warranty, extra warranty may be purchased.
- Table units run on 2 x AA batteries (supplied), receiver does not use batteries.
- No messy Director Keys or chunky hardware.  
(Table units are 15.5 x 7.5 x 2 cm and weigh approx. 240g incl. batteries)
- Units are not tied to a table, allowing flexibility and no setup complications; if you change the table numbers you don't have to move the BridgePads.
- Units are compact and easily stored in the FREE carry bags (which can hold up to 20 units).
- Receiver is compact, same price as the table units, and uses a standard USB cable (supplied free) no extra hardware costs!
- Security codes available for EW so that NS cannot send scores without EW approval.
- Used in 12 clubs in New Zealand currently, and also at National Congress since 2008.
- To be used for 2010 PABF in Hamilton (May, 2010).
- Free updates on software and firmware.
- Will work with any scoring programme with wireless module available.
- Without doubt the BEST wireless scoring system for New Zealand Bridge Clubs.
